Remember to inform your clients about the following points

Request the necessary authorisations

- Contact the municipality where the project shall take place to know if an authorisation is required.
- Contact the distribution network operator for the initial request and the final approval.

Request the feed-in tariff and other financial aids

- Signature of the contract with your distribution network operator and final approval of the installation.
- Contact your municipality to know if local subsidies are available.

Observe the fiscal regulation

- If the power of the installation exceeds 4 kW_p, the income is taxable. For further information, go to myenergy.lu, section "photovoltaïque" or bit.ly/fiscalite_PV.
